PROFESSIONAL EXPERIENCE

Mediatech — Jan 2024 - May 2026
SEO Specialist — Vilnius, Lithuania

- Developed SEO strategies and growth roadmaps across multiple markets, including Germany, Spain, Italy, and the Netherlands, for projects such as Cybernews.com.
- Conducted localized keyword research, competitor and SERP analysis, and on-page optimization to identify organic growth opportunities.
- Analyzed market-specific SEO performance using Power BI, Looker Studio, and SEO platforms, delivering data-driven reports and recommendations.
- Developed Python tools and API integrations to automate SERP data collection, research, analysis, and team workflows.
- Built and maintained web-scraping and data-processing workflows, including Docker setup, troubleshooting, and support.
- Designed AI-assisted workflows for research and analysis and supported teammates with practical AI adoption.
- Conducted technical SEO audits, identifying and resolving crawling, indexing, internal linking, and schema issues, collaborating with developers on production-level implementations.

UAB Skrivanek — Apr 2022 - Dec 2023
Assistant Project Manager — Vilnius, Lithuania

- Managed complex multilingual localization projects, including SEO content optimization, gaming content translation, and high-volume localization workflows.
- Coordinated freelance linguists and handled QA, keyword localization, ISO documentation, audits/tenders, and junior team training.

Freelance — Sep 2020 - Mar 2024
Translator & Proofreader

- Provided Lithuanian-to-English and Spanish-to-English translation and English-language proofreading services.
